

Forward Steps

American International
Car Stereo Installation Kits & Accessories

First to Market

American International will grow your business by expanding your sales opportunities. The first step **forward** is our commitment to responding first to new **market needs**, ensuring that a kit is available even before you know it is needed.

Finest Quality

The unmatched **quality, fit and finish** of American International kits and accessories is a key step in producing installations that reflect the **excellence** of your business.

Fewer SKUs

Innovative steps by American International has made integrated installation solutions possible, allowing you to stock fewer SKUs without sacrificing vehicle applications and **saving money**.

From the USA

American International is a proud American manufacturer located in Camarillo, California with a rich history of forward steps to advance the cause of **our customers, our industry and our country**.

NPR New Product Release

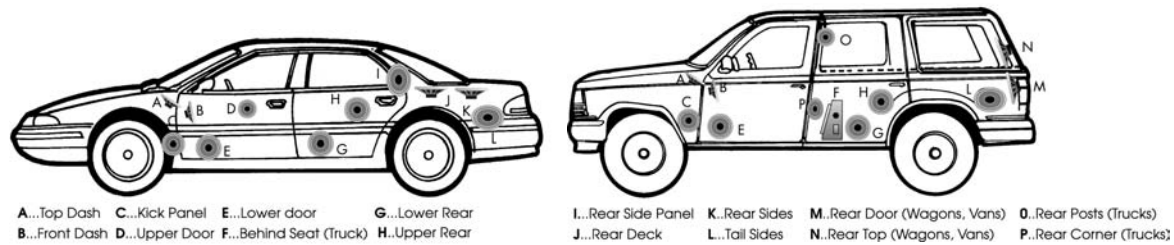

BE INFORMED. STAY UP-TO-DATE WITH NPR!

American International NPR's will assist new and existing American International customers with detailed information for all new products including item number, description, vehicle applications, features and release date; and all in a convenient file format for print or to save for ongoing reference and training. Information is a vital tool and asset, so remember American International NPR as a source!

Vehicle Application Guide

The American International Vehicle Application Guide is a comprehensive resource for professional mobile electronics installers to quickly identify the appropriate installation accessories needed for a given vehicle and application. This effective tool will also assist business owners and staff with a streamlined means for product ordering and integrated inventory management. The American International Vehicle Application Guide features a simple format to locate a subject vehicle by color-coded vehicle make, then by model and year; factory speaker sizes, locations, and footnotes for other necessary installation details. Make this guide your first stop for initial product, application and ordering information.

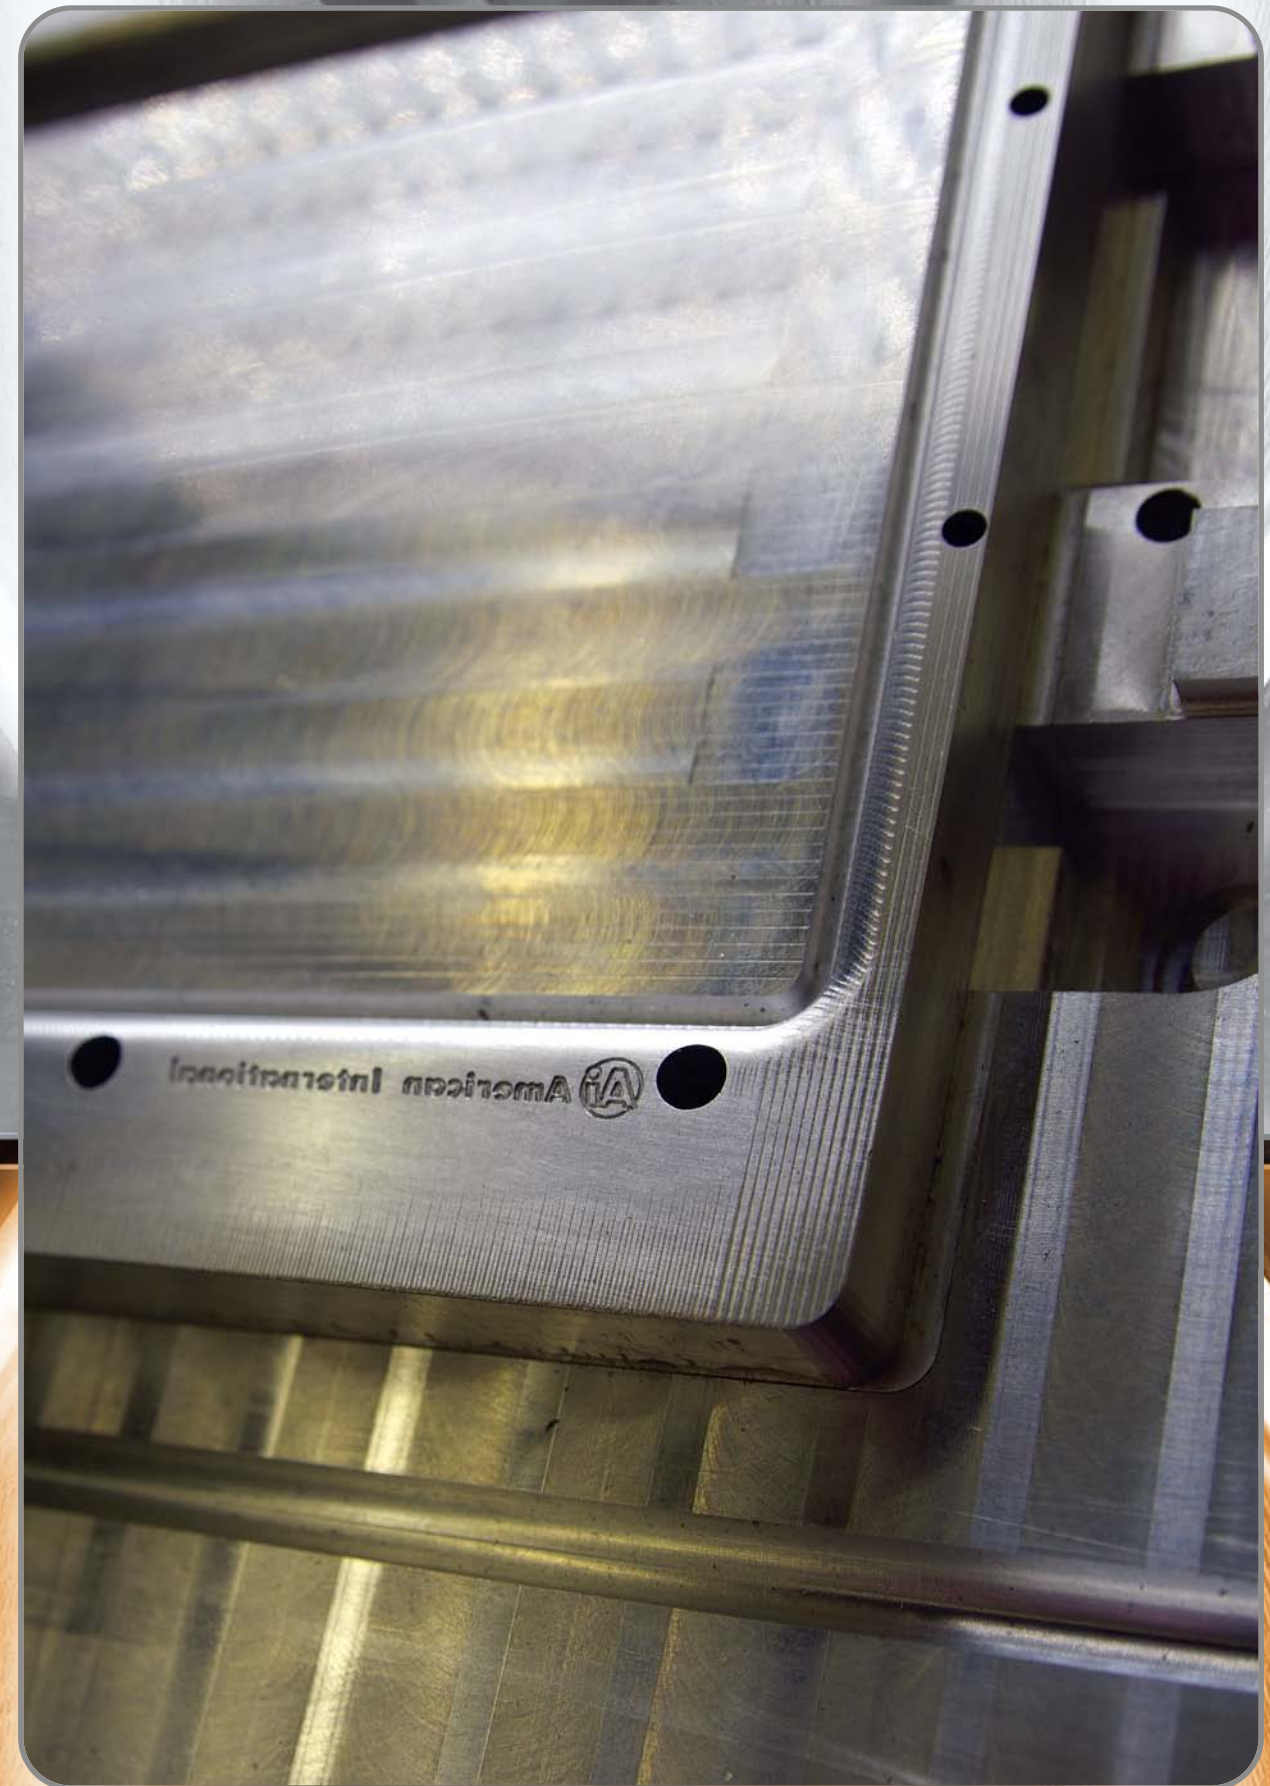

Application Guide Legend

- * This kit is required for installing shaft-mount radios only.
- ** This harness is not for the retention of OnStar, door chimes, or other integrated factory radio functions/features.
- † This kit requires the use of the removable factory radio mounting bracket(s).
- ‡ This harness is for use with standard factory wiring systems only.
 Additional wiring may be required. For amplified, JBL, or premium sound systems refer to wire harness catalog pages for availability. Not for vehicles with rear tuners.

Product Locator

The American International Product Locator is a fast, easy and efficient way to identify and locate the appropriate installation accessories needed for a particular vehicle and application. This catalog navigation tool is an alphabetized listing of all American International items. Each item number is color-coded by vehicle make, and is then followed by detailed vehicle application information and a page number in the catalog to view the item, along with its features and UPC code for simplified ordering. Use the American International Product Locator together with the Vehicle Application Guide for to assist you with each installation and purchase order, every day.

CUSTOM MOUNTING KITS

Wire Harnesses

American International Installer Preferred wire harnesses are a vital link between today's mobile electronics and a given vehicle. Manufactured to exacting standards, Installer Preferred wire harnesses are also a nimble installation component that plugs right into either an OEM harness or radio, simplifying installation and saving valuable time. For today's business owner and professional mobile electronics installers, time is profit; and profit is what business is all about. Make a choice that is worthy of the hard work that goes into your installations. Accept only American International Installer Preferred wire harnesses for the job every time.

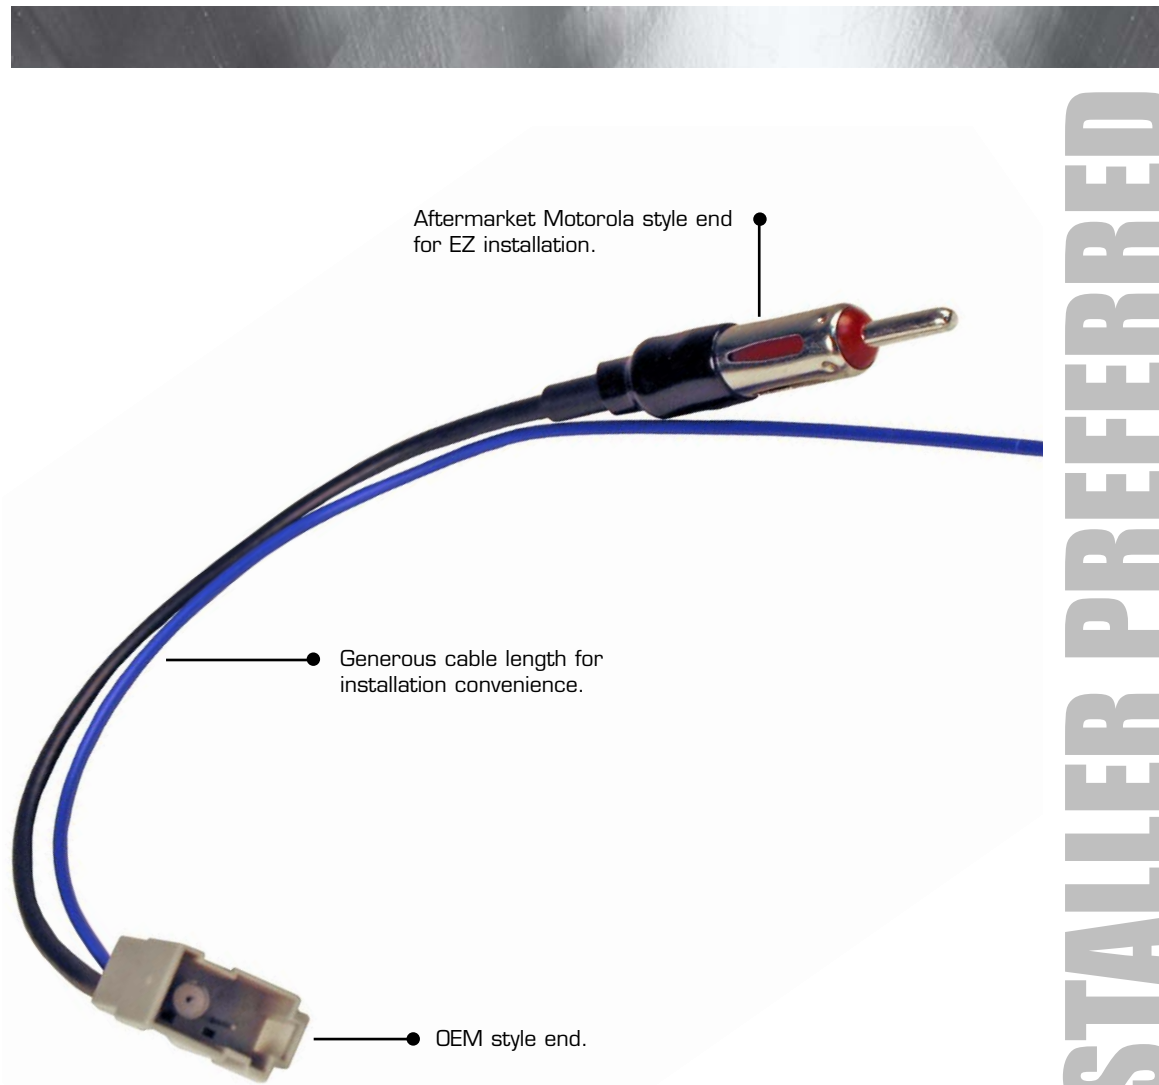

INSTALLER PREFERRED

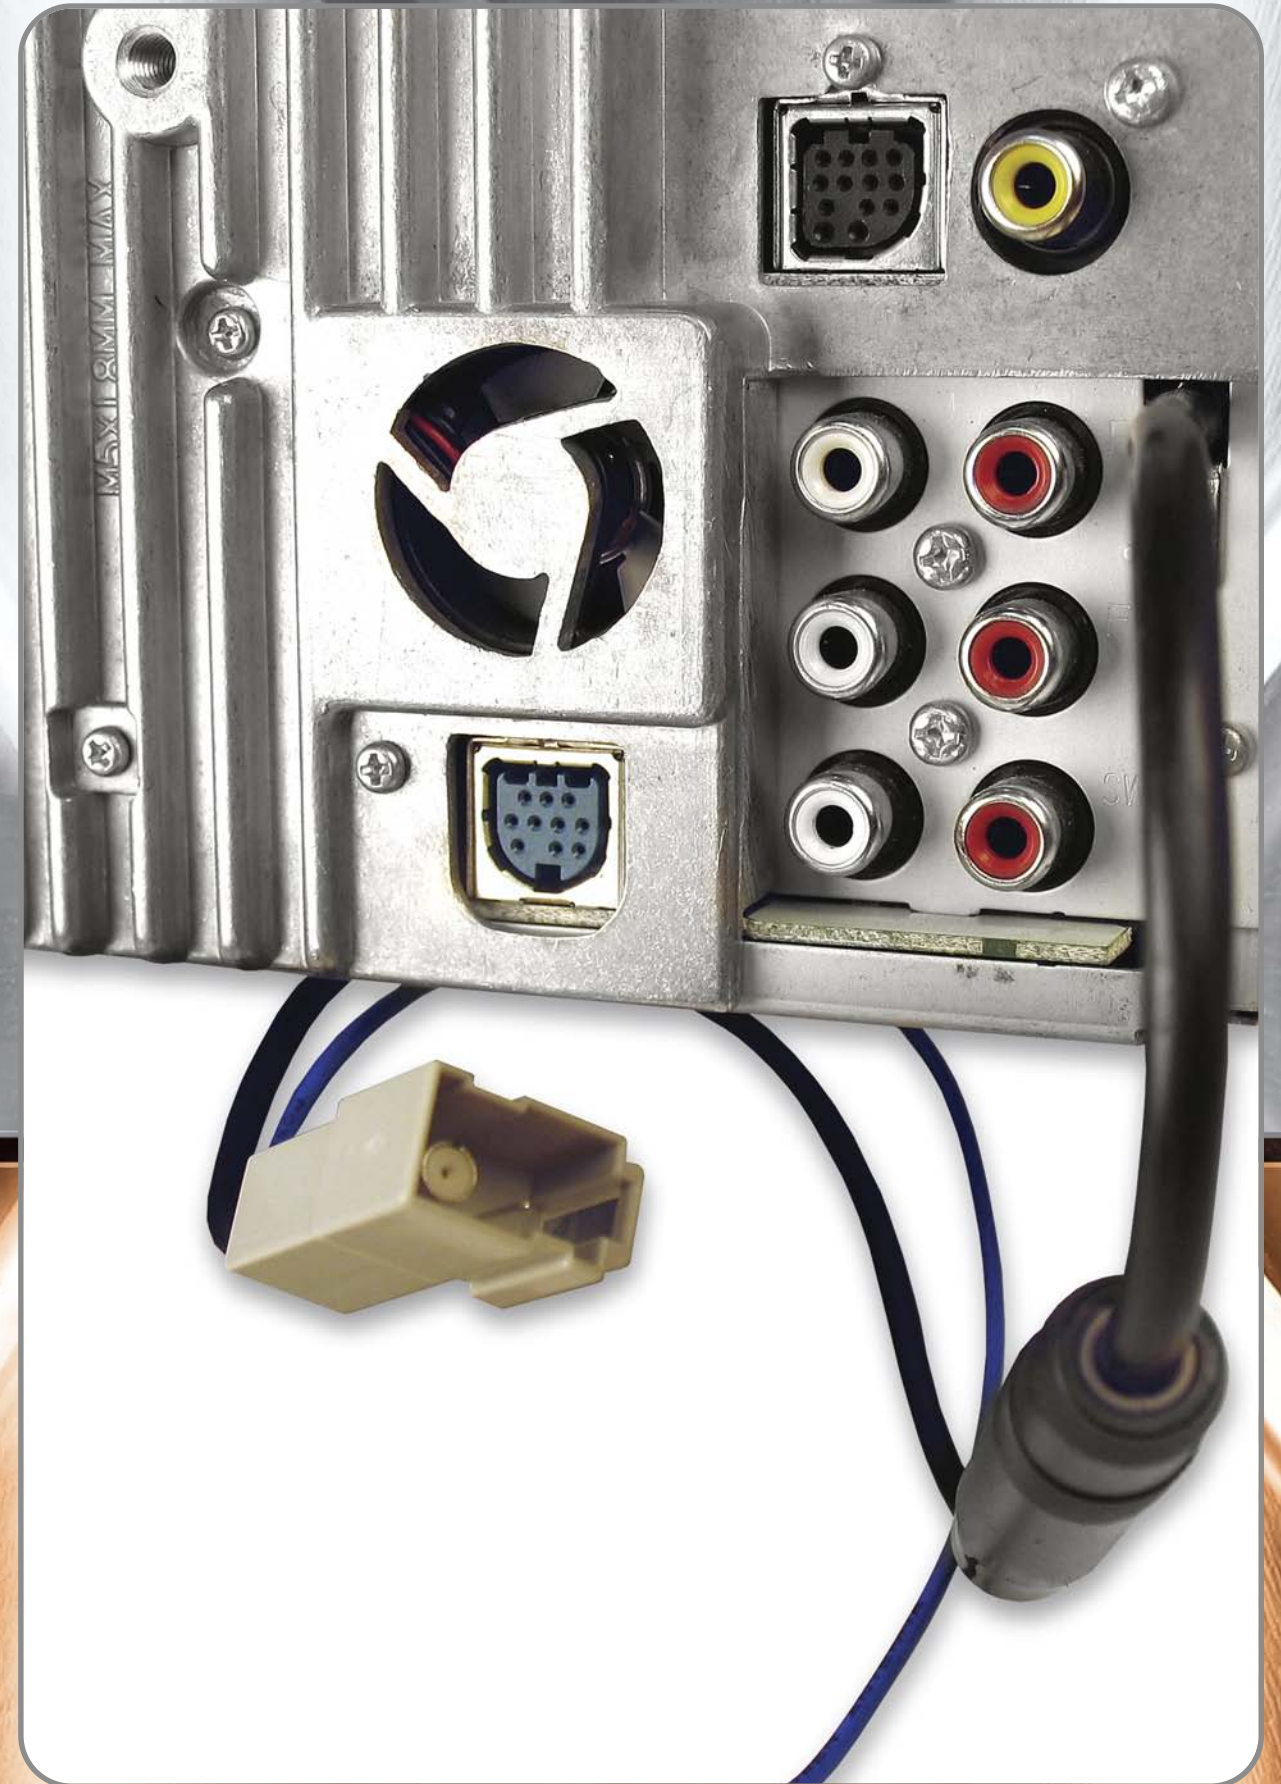

WIRE HARNESSSES

Antenna Adapters/Accessories

American International Installer Preferred antenna adapters feature only the finest quality cable and precision connector designs that are identical to their OEM counterparts within most vehicles. Delivering quality signal, while rejecting radiated noise, is a serious ongoing challenge for today's business owner and mobile electronics installer. Something as simple as a quality antenna adapter can sometimes make all the difference. American International Installer Preferred antenna adapters can be trusted to deliver the reliable fit and function that equals peace of mind. Accept nothing less.

INSTALLER PREFERRED

ANTENNA ADAPTERS/ACCESSORIES

Installation Accessories

American International Installer Preferred accessories are an assortment of specialty items designed to simplify certain application challenges for today's professional mobile electronics installers. This product assortment includes various electronic devices for line matching and noise suppression, adapters for speakers, replacement speaker grilles, radio and panel removal tools and various radio housings. The function and convenience of these items can offer both upgrade installation options and reduced installation time. American International Installer Preferred accessories are an important assortment addition to any mobile electronics installation business.

FEATURING:

The GMSB356

SPEAKER ADAPTER
GENERAL MOTORS
2006-2013

Installs two 6.5" or 6.75" speakers.

FEATURING:

The URT460

RADIO REMOVAL KEY SET
Ford/Mazda/Blaupunkt

Chrome plated steel construction.
Out performs the softer aluminums.

How to use our Application Guide:

Make the American International Vehicle Application Guide your first stop to determine the appropriate installation accessories needed for a particular vehicle and application. There is a dedicated row to represent each vehicle by make, model, year, trim line, audio system and other identifying features. There are product and information columns to represent the appropriate kits, harnesses, antenna adapters, amp integration and other accessories needed for a successful installation. Use the American International Vehicle Application Guide in tandem with the alphabetized Product Locator for a fast, easy and efficient way to navigate to the information you are searching for.

SPEAKER SIZE & LOCATION INDEX:

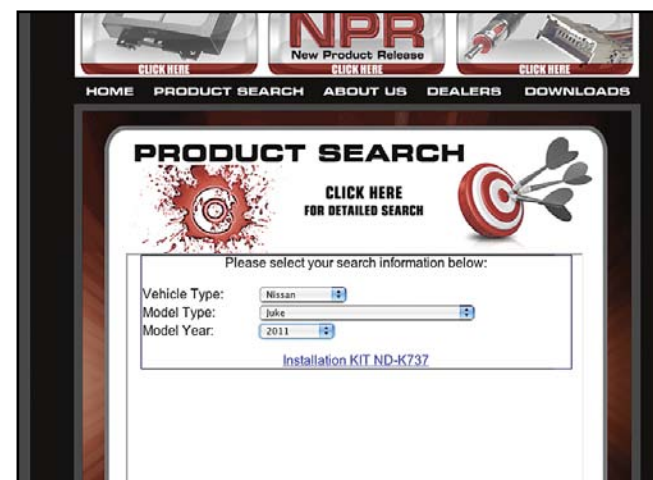

A-P indicates different speaker locations located on most vehicles.

A Diagram showing speaker locations A-P is provided on the inside Application tab page.

The American International website is the web's premier resource for today's professional mobile electronics installer. With the most comprehensive vehicle application database as the driver, the American International website offers all of the capabilities of the printed guide with the added benefit of real-time new product and application updates, and the electronic convenience of both Vehicle Type and Product Selection search methods to simplify navigation for the professional installer, as well as the general consumer.

VEHICLE TYPE METHOD:

Use to locate the vehicle and identify the proper installation accessories to be used for the specific vehicle.

PRODUCT SELECTION METHOD:

Search for all products at once or just simply Antenna Adapters, Installation Kits, Amp Integration, Speaker Accessories and Wire Harnesses individually. If you know the part numbers, just simply enter them in the correct field to make your search more accurate.

ASSORTMENT ESSENTIALS /ORDER SHEET

Custom Mounting Kits • Wire Harnesses • Antenna Adapters

The American International Assortment Essential Order Sheet is a unique tool to assist business owners and professional installers with a streamlined visual means for identifying and ordering the most popular American International installation kits, wire harnesses and antenna adapters. New and existing customers can simply copy this sheet; quickly enter the quantity needed, and fax it back to American International for quotation or order confirmation purposes. Used together with the American International Product Locator, the Assortment Essentials Order Sheet makes ordering simple and fast!

Power & Speaker
Wire Harnesses

The Wire Harnesses section of the American International Product Catalog has three distinct segments – POWER & SPEAKER, AMP INTEGRATION and AMP TUNER/BYPASS.

Be sure to search alphabetically for the required harness within the segment that fits your application.

Please note that the wire harnesses contained in these segments do not maintain the factory warning chimes or OnStar for vehicles with digitally tuned factory radios or amplifiers.
